Technical data

Tube Ø outer [mm] 10

Wall thickness [mm] 1

Strength R 220

Ring length [MTR] 50

Operating pressure*** [bar] 127

Further information on CUR10X1R

Weight 240 g / m

GTIN 4050571242824

Packing unit 50 m

Customs duty number 74111090

Description - copper tube 10x1mm, R 220, roller goods, soft

Information:

Daily prices!

*Industrial quality EN 12449, **only complete rolls are available, ***the maximum permitted operating pressure was calculated based on soft copper tubes (R 200) and a safety value of 3,5 at an operating temperature of 100°C. The permitted operating pressure is based on the copper tube, not on the connecting parts! The values for harder tubes are higher.

All data are to be understood as non-binding reference values! We do not assume liability for any data selection not confirmed in writing. Unless otherwise specified, pressure values refer to liquids from Group II at +20°C.
